

# Classroom Rules

## Bring the appropriate supplies for each lesson

Appropriate supplies includes pencils, notebooks, erasers, and other material that you may find valuable during the lesson.

## Speak when it's your turn

Or when the teacher gives you permission to speak. Respect your classmates and don't chit-chat or talk when you are not allowed to do that.

## Keep track of important dates yourself

It is mainly your responsibility to remember to hand in homework and study for tests or exams.

## Stay focused

Try to always stay focused. If you lose focus, try to regain it, or at least: don't disturb anyone. Keep calm until it is break time!
