

Correct the text

This will be a short english test to test how good you are at finding errors like grammar errors and spelling errors in an english text. Remember to look closely and write the corrections on this paper.

1. Correct the text.

Hello! My nam^e is Kalle. I am twelwe yes oald. Yestrday I was visiting a advenure land. It was veru funn.

Correct it like the example above.

2. Correct the text (longer and more advanced)

I walked ther, on the road, alone. I thout I would never get to my bathtub again. I just want to get there andsleep, but theres nothin I can do. I just hav to keep walkin. But I hav to find a charger. My phone needs charge. As I walked ther, I found an house. It was a burger store, the owner drive me home. It was a exciting tripp.

Correct this text the same way as you corrected text number 1.

3. Don't forget to do this grammar exercise!

A or An?		
___ apple	___ monkey	___ computer
___ orange	___ pen	___ summer
___ happy person	___ exercise	___ pie

Great! Now, give this to your teacher.

1. Enkel text på grundläggande nivå - facit.

Hello! My name is Kalle. I am twelve years old. Yesterday I was visiting an adventure land. It was very fun.

Observera: Bokstäver som raderats är ej markerade.

2. Lite svårare text som kräver mer - facit.

I walked there, on the road, alone. I thought I would never get to my bathtub house again. I just wanted to get there and sleep, but there was nothing I could do. I just had to keep walking. But I had to find a charger. My phone needed charge. As I walked there, I found an a house. It was a burger (store) restaurant, the owner drove me home. It was a exciting trip.

Observera: Vissa ord/bokstäver som raderats är markerade.

3. Grammatikövning - a och an (enkelt) - facit.

An apple

A monkey

A computer

An orange

A pen

A summer

A happy person

An exercise

A pie

Vill du spara på skrivarens bläck, papper eller göra en insats för miljön? Det är enkelt.

- Anteckna ner alla rättningsinstruktioner i din kalender, till exempel
- Rätta själv! Du kan göra din egen facit.
- Skriv bara ut uppgifterna till eleverna och behåll den här rättningsidan i datorn.
