

# Numbers

This short assignment will contain different tasks about numbers in english.

## 1. Read & Write

Read the text below and then answer the questions.

The sun is shining. The sky is blue. It is hot outside. I wake up early with the sun right in my face. I pick up my smartphone that is next to me. 7:46AM. This is going to be an awesome day. I jump up from the bed and look at the thermometer. Wow. Hot. 25 degrees already. No one is awake yet. I take on some comfortable clothing and then write a message to mum and dad. "I am outside walking in the sunny weather. Good morning. Call me, I'll be home soon." I open the door and the sun shines right in my face. It is so beautiful outside! Singing birds, I count them all. Thirtysix birds. Only two clouds. One sun. And a little, happy boy standing on the empty sidewalk.

Questions:

What temperature is it? Write the answer as letters: \_\_\_\_\_ degrees.

Write the time in letters: \_\_\_\_\_. And then amount of birds in numbers: \_\_\_\_\_.

How many people are awake? \_\_\_\_\_.

## 2. Higher numbers

Write the numbers as words (in letter-format).

89 \_\_\_\_\_ 14 \_\_\_\_\_ 56 \_\_\_\_\_ 90 \_\_\_\_\_ 189 \_\_\_\_\_

Write the words as numbers.

Twentyseven \_\_\_\_\_ Onehundred and sixtyfive \_\_\_\_\_ Ninety \_\_\_\_\_ Fivehundred and two \_\_\_\_\_

## 3. True or false?

	True	False
10 is writed as "then".		
Twenty is a number.		
You can not write 450 as letters.
