

# Practise the days of the week

Träna på de olika dagarna i veckan genom att fylla i de tomma luckorna i texten nedan.

\_\_\_\_\_ (måndag) is the first day of the week. I feel positive because it is a new week, but I don't like that I have to wake up early. Every \_\_\_\_\_ (tisdag), I go swimming. On \_\_\_\_\_ (onsdag) every week, I am free and spend my time at home in front of my computer. \_\_\_\_\_ (torsdag) is my favorite day, because we have pancakes for dinner and school ends early. I go swimming every \_\_\_\_\_ (fredag) as well, just like I do every \_\_\_\_\_ (tisdag). On weekends, which is \_\_\_\_\_ (lördag) and \_\_\_\_\_ (söndag), I am with my family and friends and have lots of fun.

That is my week!
