

Word Pairing

In this exercise, your task is to pair each describing sentence to the word that best suits the description.

Draw lines between the words and sentences that match directly on this paper.

This is always noticeable and present in our lives.

Rocket

(as in those in space shuttles)

Some people get to see them live, but most probably don't.

Smiling

A phenomenon that can help us to plan our lives effectively.

Bands

These help transport all kinds of people to all kinds of places.

Time

This is one of the most expensive things that you can think of (probably).

Airplane

Frowning is the opposite of this thing....
